Pre-submitted Q&A

CMMC CONNECT – FEB 2024

“What does continuous monitoring mean, as it relates to NIST?”

Is it continuous monitoring of systems with security programs and does it include continuous monitoring of procedures and policy compliance?”

Robert Hill

CEO

Jeremy Mares

VP, Sales
Federal Accounts – CMMC

Have a question? Submit them in the Q&A now or “raise your hand”!

“How can small businesses effectively manage cybersecurity for remote employees without on-premise systems or centralized networks, considering most NIST controls focus on traditional on-premise setups?”
